Notice

The Centre for e-Learning, Kerala Agricultural University is inviting application for a Massive Open Online Course (MOOC) on **‘Introduction to Generative AI’**. The course is offered in English, free of cost. The classes are scheduled to begin on **19th January 2026** and end on **11th February 2026**. Interested participants can register up to 29th January 2026.

This online course with a duration of 24 days has 10 sessions. The participants can attend the course on e-Learning platform available at ‘celkau.in’, utilizing around half to one hour per day. Certificate will be issued to the students who have successfully completed the course, on payment of a nominal certificate fee.

Interested candidates can register for the course by following the instructions given below:

Stage I: For One time registration (If done previously please skip to stage II)

- 1) Click on the link <https://www.celkau.in/elearning/reg.php>
- 2) Provide the required information and click on the ‘Register here’ button. Now your one-time registration in the platform is complete.

Stage II: Follow the steps from 3 to 5 for course registration.

- 3) Login with your user-id by clicking the link, <https://celkau.in/elearning/index.php>.
- 4) Now, click the button ‘Enroll Now’ on the course **‘Introduction to Generative AI’**. You are now registered for the course.
- 5) From 19th January 2026 onwards you can login and start the learning activities.

“All are cordially invited to participate in this MOOC programme”
